

Forze della Natura™

Kidney and Urinary Tract Health

UROVITA

Supplement Facts:

- Betula alba (Birch) Leaf extract;
- Vaccinium macrocarpon (Large Cranberry) Extract;
- Arctostaphylos Uva-Ursi Leaf Extract;
- Polygonum aviculare (Common Knotgrass);
- Taurine.

Background:

Urovita™ by **Forze Della Natura™** is a unique proprietary product developed to tackle adverse kidney and urinary tract conditions that manifest from a multitude of factors. Core ingredients of this formula provide an all natural defense solution for mucous membranes of the genitourinary system that are prone to exposures associated with urinary inflammations and kidney stone diseases. All of which in severe cases undermine our capacities to properly function.

Key Features:

- Supports the normal microflora of the genitourinary system;
- Provides Anti-Inflammatory Support;
- Facilitates and stabilizes normal and healthy urinary cycles;
- Promotes kidney health;
- Improves quality of life.
