Background:

Beautiful Hair and Nails™ by **Forze Della Natura™** contains a proprietary blend of quintessential phytonutrient ingredients that promote normal growth, development, and integrity of hair, skin and nails. It also helps to alleviate the ill-effects of DHT, which is the key cause of hair loss in women, and fortifies and enhances nail plates that prevents their premature chipping and stimulates accelerated growth. In addition to this, Beautiful Hair and Nails™ contains compounds that stimulate normal functioning and proliferation of keratinocytes – main building blocks of hair and nail structures.

Key Features:

- Supports normal hair and nail growth;
- Provides essential vitamins and nutrients for healthy, strong, and consistent hair and nails;
- Nutritionally undermines excessive levels of DHT – main cause of hair loss;
- Provides support for normal functioning of keratinocytes;
- Increases energy and mood.
