

Anti-Oxidants

GRAPSEED EXTRACT

Supplement Facts:

- Pigment Red Grape Skin extract containing Resveratrol;
Grape Seed extract containing Polyphenols.

Background:

Grapeseed Extract by **Forze Della Natura™** provides a blend of well-documented 'French Paradox' antioxidant ingredients, i.e. resveratrol and various types of polyphenols. Namely proanthocyanidins, anthocyanins, flavonoids, etc. All of these compounds help to maintain healthy cell function, protect the body from free radicals and reactive oxygen species, and activate so-called 'longevity genes' even in individuals whose diets are rich in saturated fats.

Key Features:

- Provides support for a healthy cell function;
- Contains extremely potent antioxidants that activate 'longevity genes';
- Promotes a healthy cardiovascular function;
- Protects cells from reactive oxygen species;
- Maintains a healthy platelet function in individuals whose diets are rich in saturated fats.
