

Liver Health

## LIVER SUPPORT FORMULA

### Supplement Facts:

- Milk Thistle Seed Extract;
- Polygonum aviculare (Common Knotgrass) extract;
- Amla (Emblica officinalis) fruit extract.

### Background:

The liver can be a very stressed organ in our modern technological world. Recreational drugs and alcohol, as well as pharmaceutical drugs and environmental pollution, contribute to the toxic load placed on this vital organ. This heavy chemical burden may make the liver more vulnerable to other outside influences. An abnormal liver function can negatively impact the way we feel, operate, and take care of our daily business routines. Therefore, a healthy liver is essential for an active and healthy living. Liver Support Formula has been formulated to include natural ingredients that have been known for centuries for their medicinal properties essential for normal liver function and liver detoxification.

### Key Features:

- Promotes a Normal and Healthy Liver Function;
- Supports Liver Detoxification and Tissue Rejuvenation;
- Neutralizes Toxins Processed by the Liver.
