Background:

Male Vitality Enhancer™ is a state of the art all-natural dietary supplement product developed for men who strive for peak performance during sexual intercourse and overall sexual virility. Unique synergy of natural herbal and plant ingredients promote increased sexual performance and facilitate an instant long-lasting erection due to activation of Nitric Oxide (NO) cofactors that are responsible for increased blood flow into male organ tissue.

Key Features:

- Promotes an Instant and Long-Lasting Erection;
- Improves Quality and Increases Pleasure of Sexual Intercourse;
- Increases Blood Flow into Male Erection Chambers;
- Increases Volume of Male Ejaculate.
